lantern rouge:

judy crowson

the lantern rouge was dubbed the "jimmy casper award". we gave it to show that there is no shame in last place. for you who do not know what it is. the lantern rouge is the red light on the end of a caboose,it is given to the last rider to finish each stage in the tour de france. in the last few years jimmy casper has finished last at almost every stage. that is why jimmy is my hero...i would much rather be able to compete and finish last rather than not be there at all.
